METHODOLOGY:

This bill provides that a non-violent felon who has completed the term of incarceration, and all other conditions of the sentence, shall have the right to possess and use a firearm. The bill impacts a number of felony penalties and may have an impact on the New Hampshire judicial and correctional systems. There is no method to determine how many fewer charges would be brought as a result of the changes contained in this bill to determine the fiscal impact on expenditures. However, the entities impacted have provided the potential costs associated with these penalties below.

Judicial Branch	FY 2023	FY 2024 through 12/31/23	FY 2024 (Starting 1/1/24 with repeal of Felonies First)
Routine Criminal Case	\$644	\$657	\$779
Appeals	Varies	Varies	Varies
Judicial Council	FY 2023		FY 2024
Public Defender Program	Has contract with State to provide services.		Has contract with State to provide services.
Contract Attorney - Felony	\$825/Case \$105 administrative fee \$200 incarceration fee (If applicable)		\$825/Case \$105 administrative fee \$200 incarceration fee (If applicable)
Assigned Counsel - Felony. Travel time to court does not count toward the cap.	\$90/Hour up to \$5,500		\$90/Hour up to \$5,500
Assigned Counsel - Supreme Court Appeal	\$125/Hour up to \$10,000		\$125/Hour up to \$10,000

It should be noted that a person needs to be found indigent and have the potential of being incarcerated to be eligible for indigent defense services. Historically, approximately 85% of the indigent defense caseload has been

handled by the public defender program, with the remaining cases going to contract attorneys (14%) or assigned counsel (1%). Beginning in March of 2021, the public defender program has had to close intake of new cases due to excessive caseloads. Due to these closures, the contract and assigned counsel program have had to absorb significantly more cases. The system is experiencing significant delays in appointing counsel and the costs of representation have increased due to travel time and multiple appointments.

Department of Corrections	FY 2023	FY 2024
FY 2022 Average Cost of Incarcerating an Individual	\$64,223	\$64,223
FY 2022 Annual Marginal Cost of a General Population Inmate	\$6,123	\$6,123
FY 2022 Average Cost of Supervising an Individual on Parole/Probation	\$688	\$688
The Department notes any increase in the incarcerated population will have a direct impact on overtime costs given the Department's history of challenges associated with recruitment. In addition, the NH State Prison for Men has a degrading infrastructure which will only be exacerbated if an increase in the incarcerated population were to occur.		
NH Association of Counties	FY 2023	FY 2024
County Prosecution Costs	Indeterminable	Indeterminable
Estimated Average Daily Cost of Incarcerating an Individual	\$105 to \$125	\$105 to \$125

Many offenses are prosecuted by local and county prosecutors. When the Department of Justice has investigative and prosecutorial responsibility or is involved in an appeal, the Department may be able to absorb the cost within its existing budget. However, if the Department needs to prosecute significantly fewer cases or handle more appeals, then costs will decrease by an indeterminable amount.
